General	
Risk management plan	The Oxfordshire Outdoors Risk Management Plan document is available for inspection at any of the Centres by request, it is not the policy of the Service to send this document out to organisers
Activity statement	By its nature adventure activities hold an element of risk and it is possible that the odd bump, bruise or cut will happen during the course
Centre staff	Centre tutors are required to identify and participate in essential training for their post and the activities they deliver, including maintaining and updating their CPD record
Health and Safety	The Groundwork South H&S policy (LOAD) and arrangements apply to Oxfordshire Outdoors. In addition, the centres are inspected by local Environmental Health Service
Safeguarding	Oxfordshire Outdoors follows Groundwork South policy and procedure with Service staff holding enhanced DBS certificates; the Service Lead acts as DSO

If you have any queries, or require further information, please contact your chosen Centre.
